# Recent Operations

By Paul Baridin

Have you paid your poll tax? Not many days left. Better do it now so you can make an X in front of the names you like on the ballots on June 2.

Pahokee will hold its annual town election next Tuesday. John Dulany and Ralph E. Hines are the candidates for mayor. W. P. Walker and Leon Spooner are running for clerk. Lee Rawls, C. Murphy, Pete Harrison and Red Gowin are in the race for marshal. O. B. McCreary, R. B. Mackey and W. G. Spooner are in the race for councilmen. Three are to be chosen.

Water Danson resigned from the Pahokee town council Monday night and Mike Hoprich was appointed in his place.

Water mains are being extended in Pahokee under recent plans laid out under government money. Day by day the fair city gets more and more fire protection. Insurance rates will soon come down.

Tomatoes! They're bringing good quality for state prices. Hold up but one can never tell about prices on green vegetables. Today they're good and tomorrow they're bad.

Several students in Belle Glade are being resurfaced. Before Belle Glade will have as many miles of finished streets as any town its size in the country.

Belle Glade and Pahokee Rotary clubs were nicely represented at the annual convention of the Rotary clubs at Tallahassee this week. Good state delegations from each club was in attendance.

Then there was another state convention in Fort Pierce. The State Junior Chamber of Commerce held the annual convention at which Chas. A. Mitchell of Vero Beach was state president. Pahokee was well represented at this convention.

Candidates! Not many days left to qualify for state county races. To date around 100 have qualified thereby signifying their intentions of seeking office. Wish that many in the field could be plentiful between now and the second day of June.

## COSTUME SHOW IS WELL RECEIVED

The Everglades Original Costume show presented Tuesday night at the Pahokee school auditorium under the auspices of the Pahokee Woman's club was well received by the crowd in attendance. A neat sum was realized by the club which will be added to the amount now in the fund to be used for a new building.

Yvonne Lee Fraser, representing Butler's in Pahokee, won first prize with her original costume of powder puffs. Second prize went to Miss Betty Danson who won with her original costume of powder puffs. A short play, "A Country School," was presented before the show and the audience was given a laugh from the audience as business and professional men and women of Pahokee paraded the stage in their original costumes. Direction of Mrs. Hugo Bos. Added attractions were a solo by Mrs. E. H. Tucker and a serial act by Mrs. B. F. Hughes.

## Mead Qualifies For Commissioner

George Mead, of Pahokee, has been named by the state board of education to the 19th district and this week announces his candidacy in a similar manner in the advertisement in this issue. Mr. Mead has been contacting his many friends throughout the Lake region for several weeks.

Mr. Mead says in his announcement that he feels he is fully competent to handle the affairs of the office and promises a businesslike administration of its affairs if elected.

## THE BELLE GLADE SCHOOL PROJECT IS REVIVED AGAIN

### Board Urges Inclusion of New Building in Storm Refuge Program

Revival of the project for a junior-senior high school building in Belle Glade with its inclusion in the government's new hurricane shelter program and with the Palm Beach county school board paying skilled workmen the school board, was voted by the school board in West Palm Beach Tuesday afternoon.

Action was taken on receipt of a letter signed by Mayor R. K. Harrison and John B. DeLand, Jr., president of the Belle Glade school board, asking an early beginning of the building and after Herbert W. Danson, administrator, had told of work that the proposed storm refuge probably will be in the form of schools, auditoriums and the like.

The Belle Glade school board pointed out that the school building would save the southern part of the Lake Okechobee area of life county in the event of a hurricane and to obviate the necessity of transporting high school children over a "dangerous" road. The school board also pointed out that the project long has been approved, but that the school board has not been able to get it built with work progress administration funds. The school board also pointed out that the project would not put skilled workmen on jobs at the work progress administration's expense.

To a suggestion that the board increase any government funds to the point where they will reach the school board for skilled labor, a trades unionist said organized workers object to drawing such "split pay."

He said that E. A. Pynchon, state education director, would not let him be able to say he put union men to work in Palm Beach county, "our strongest—"

Rec'd said he was advised that a survey will begin Wednesday to determine the necessity of establishing storm refuge buildings in various parts of south Florida. The project is being handled under the work progress administration, but a fund will be earmarked for the project.

Members of a Belle Glade delegation indicated they were trying to get both the school and community building from the government.

Unless more money comes in by the end of the week teachers will get only one-third of their monthly salaries on the May 8 pay day. The school board is now in a bind. In that case they will get three instead of the usual two pay checks for the month of May.

A request of an attorney for bondholders, the board agreed to include in its budget for the next fiscal year provision for making bonds for the school building. The interest of a \$500,000 issue of bonds floated in 1927.

The issue, approved by the electorate and validated, the bonds nevertheless brought objection as to their validity from railroad company taxpayers. Youngblood explained: Bonds were brought, and no provision had been made in school budgets for them. Recently he said the bondholders reduced their claims to judgment in federal court. The school board is now in the opinion of the board's attorney.

## CHILDREN CHOR AT THE C. P. METHODIST CHURCH

A children's choir was organized Tuesday afternoon at the Canal Point Methodist church and a special program was arranged for Mother's Day. The choir practices on Tuesday and Thursday of each week. The choir is now in operation. The choir is now in operation. The choir is now in operation.

A new type of bulb for automobile stop and signal lamps has been developed by the General Electric Co. It is said to use less current than the ordinary stoplight lamp.

## PAHOKEE MAN MADE MEMBER OF LEGAL FRAT

DeLand, April 30 — Thurman Knight, of Pahokee, freshman law student at Stetson University, is a newly elected member of the Alpha Delta, national honorary legal fraternity.

Knight's election to membership in the Brewer chapter, the oldest legal fraternity in the state of Florida, is a recognition of his outstanding work in legal studies and student government activities.

## OTHER SECTIONS OF THE COUNTRY SHIPPING CROPS

### Hastings Potato Crop Being Harvested; Alabama In Soon

During the past week favorable reports have come from all over the country regarding the general condition of the vegetable crops in various sections. Though the potato crop in the northern Arkansas and Missouri reported a cold spell which has retarded the crop, Louisiana is now in the peak of its berry season and from Hammond, the state's berry center, it is reported that about 500 bushels will be at its highest and the quality is reported to be the best ever produced in that state.

A difference from that of Florida during the past season was that the quality of the crop was not so good as in the previous season. The quality is reported to be improving to some extent though a considerable portion continues to run to small sizes. A digging holiday was called for a short time but it is now on in full blast. Prices early part of this week were "U. S. No. 1 in barrels \$5.00; the same grade in bushels packed at \$1.50, and the same grade in 100 pounds sacks at \$2.50.

The potato season in southern Alabama is beginning up and in Baldwin county which last year shipped 200,000 bushels, it is expected to do even better this year. Other states in the lower southern states are also harvesting their crops. California is also harvesting its spud crop but these will be placed in storage for the winter. The season will not open in full until about the 10th of May.

The season continues to smile on the growers of Florida and to date we have not learned of a single grower who has made a complete loss. The season is expected to be a very profitable one for the growers of Florida.

Yoter registration ended yesterday with a record of 1,149,219. The registration of 1,149,219 was a record for the state. The registration of 1,149,219 was a record for the state.

## Pahokee Received \$21,000 As Grant

This is Part of \$100,000 For Pahokee Water System

Approximately \$21,000 has been received by the Pahokee from the public works administration for deposit and payment to the contractor on the water supply extension program now under way. The money is part of a grant allowed on the original \$100,000 contract. Approximately \$3,000 is yet to be received to complete the project. The money is now in the hands of the contractor.

The pipe line extension is being completed by the contractor. The pipe line extension is being completed by the contractor. The pipe line extension is being completed by the contractor.

## Work Is Started On Glades Road

Start of work on a link in State Road 26 at South Bay was announced last Monday after the Glades Construction company, of Moore Haven, unloaded a dragline which will be put to work on the road.

Bruce Johnson, in charge for the company, said that the work will start at the Bowles canal, which interests the Bowles canal, River canal four miles from South Bay. The road project being started will be a fraction over two miles in length.

Fourteen men will be employed at first, and later Johnson said more will be put to work. Local labor will be used, but each man must be registered with the Federal Re-employment office at Pahokee.

He said the road will be built in the form of a canal, and the road will be built in the form of a canal.

## STATE ATTORNEY TO BEGIN PROBE OF REGISTRATION

### Governor Writes Of Reported Rumors Of Irregularities In County

State Attorney Jack W. Salisbury announced last Saturday that he has started a thorough investigation of the registration of voters in Palm Beach county. Salisbury said he had received a letter from Governor George F. Wall, asking him to investigate the registration of voters in Palm Beach county.

## TOMATO DEAL IS PLEASEING THE LAKE GROWERS

### Price Ranging From \$2.25 To \$2.50 Per Lug on Offerings

Growers in the Lake region who have tomatoes to sell are in excellent spirits because of the excellent prices being offered for the crop. Prices have been steady at \$2.25 to \$2.50 during the week and Tuesday brought the first heavy shipments with 18 cars going out Wednesday. Shipments totaled 31 cars. During the past seven days 78 cars of tomatoes have moved northward and thousands of lugs have gone out by truck.

Prices for heavy lugs continued throughout the week to northern markets but Tuesday and Wednesday of this week brought a slight increase in the price of the vegetable. The price has been sliding up and down the scale from 50c to \$1.25 during the past week 180 cars went out from the East Coast market. Four cars of mixed vegetables were shipped along with 22 cars of cabbage. 41 cars of celery and three cars of corn made up the remainder of the 332 cars for the week.

Packing houses in the Lake region are running full blast packing tomatoes and growers estimate that there are between 10,000 and 15,000 acres of tomatoes in the county. On one acre it can be heard that this section has the finest tomato crop in ten years.

## PAHOKEE ROTARIES HEAR REPORTS OF CONVENTION

Pahokee Rotarians heard reports of the annual convention held in Tallahassee at the regular weekly luncheon yesterday. V. C. Denton, E. G. Kilpatrick and President-elect Lennie Stuckey, who attended the convention, brought back interesting stories of the annual affair. They reported that the convention was a success and that the Rotarians were very happy.

## STATE JAYCEES CHOOSE CHAS. A. MITCHELL PRES.

### Annual Convention in Fort Pierce Thursday, Friday and Saturday

Charles A. Mitchell, of Vero Beach, was unanimously chosen president of the Junior Chamber of Commerce of the State of Florida at the annual convention held in Fort Pierce on Thursday, Friday and Saturday last week. The unanimous choice of Mr. Mitchell came Saturday morning after Harry Denson of Miami withdrew his name as a candidate.

The new president of the organization has been active in Jaycee affairs throughout the state, especially in this sixth district where he has served as vice president for several years. He has been active in the past year in organizing new bodies and several months ago started in the organization of the Pahokee Junior Chamber.

Mr. Mitchell is a well known author, magazine writer and lecturer, was the featured speaker at the annual convention Saturday evening. His speech was one of the most stimulating heard at the convention.

## AS OTHER EDITORS SEE IT

### PREPARE TO VOTE IN JUNE

Bradenton Herald: April 30 for many and May 16 for everyone should be marked down as days of equaling in political importance. The June primary date since they mark the ends of periods for qualification for political importance. The June primary date since they mark the ends of periods for qualification for political importance. The June primary date since they mark the ends of periods for qualification for political importance.

Citizenship imposes no greater obligation than that of voting. When this is done intelligently, unimpassioned, the effect is pleasantly reflected. Most of us, good government. But too few mean it if judgment is predicted on primary day actions. Aside from this, however, voting remains important and the mentioned dates should be kept in mind. April 30 marks the end of the period for registration and a new one is not called for the June primary and November elections it would be the part of wisdom for the uncertainly determined if this qualification has been met. Persons who voted in the general election need not re-register unless they have changed ward or precincts residence of that time.

However, payment of poll tax is required for the privilege of casting a ballot. May 16 marks the end of the period allowed for the purpose and all who haven't paid should attend to this as quickly as possible. The deadline date is the absolute deadline for this. The junior chamber of commerce has rendered a notable service in this connection, by causing to be printed at its own expense neat window signs that show the date of registration and poll tax paying periods. These have been placed all over the city and, serve as a constant reminder to the forgetful. Service clubs could help toward the same end by having brief cards and notices made at their meetings. This could not be construed as mixing in politics.

This is no question but that the interest of the county will be best served by a representative vote. Every reasonable means should be used to see that this is had.

In Sweden, the yarrow plant is used in brewing a very intoxicating drink.

Read this: Mrs. W. C. Smith, of St. Louis, Mo., writes: "I have suffered from women's ailments for many years. I have tried many remedies, but nothing has helped me until I used Dr. J. McMillon's '666' Salve. It has cured me of all my troubles and I feel like a new woman. I shall feel it my duty to recommend it to all women who suffer from these ailments." Write to Dr. J. McMillon, Happy Home Camp, 6 miles on Palm Beach road, Belle Glade, Fla. 5-15-p.

### CANDIDATES FAIL TO DRAW BIG CROWDS

Reports of political meetings still indicate a remarkable lack of interest on the part of the average citizen. With a few exceptions, the number turning out for speeches has been pitifully small. The Orlando Sentinel expresses the belief that this condition will continue until May 2, the deadline for qualification, and looks for a number of candidates to drop out and attempt at trading.

The attendance and interest last Sunday in the church school and worship service was most gratifying to the new officers of the school and to the pastor as he takes up the work of the church for another year. Let us try to carry on in this same spirit throughout the year. There is much work to be done—many people to be helped along the pathway of life; many boys and girls to be encouraged as they endeavor to live lives worth while. The Community church is here to serve rather than to be served; come and help us to be as the heaven of righteousness in the community.

There is still plenty of unused talent here, why not offer it in the name of the church, the years of life, many boys and girls to be encouraged as they endeavor to live lives worth while. The Community church is here to serve rather than to be served; come and help us to be as the heaven of righteousness in the community.

Next Sunday morning the subject will speak upon the subject: "Looking Ahead." In the evening there will be a combined service in which the leaders will have the leading part. Let us take time to cultivate the divine part of our nature, let us give that divine urge within us an opportunity to develop.

Monthly payments to the Health association were increased from \$50 to \$300 for maintenance of the new sanatorium for negroes, as agreed when the budget was adopted last fall.

A request from Porter Raulerson post, Veterans of Foreign Wars, for funds to send the drum and bugle corps state champions to the state encampment at Clearwater, were refused because no such item is in the budget.

Permits to carry firearms were issued to Earl J. Reed, Lake Worth, and W. B. Cowar, West Palm Beach. A liquor license application by R. G. Brooker, Belle Glade, was held up to determine whether the town of Belle Glade has licensed the place.

George O. Butler, circuit court clerk, paid \$303 into the county funds, representing excess earnings of his office, as shown in an auditor's report.

Chairman A. A. Poston announced that Felix Benton, of the Florida Park Service, has indicated willingness to establish a state park in the Jupiter beach section, but that no site has been obtained. A letter from Benton said the park will be considered if a site is made available.
